HUGHES'S SPEECH OF ACCEPTANCE

(Continued from Page One)

American rights on land and sea, and for "adequate national defense; adequate protection on both our western and eastern coasts."

No Alien Intrigues.

"We denounce all plots and conspiracies in the interest of any foreign nation," Mr. Hughes said. "It is utterly intolerable to the use of our soil for alien intrigues. Every American must unreservedly condemn them and support every effort for their suppression."

"Deserving Democrats."

The nominee assailed the administration for its "direction of diplomatic intercourse" from the beginning, declaring that where there should have been conscious strength and earnestness there had been weakness and inactivity. He cited San Domingo as an instance where appointments had gone to "deserving democrats" and to the failure to continue American Ambassador Herrick at his post in Paris.

Remarkable Growth of Auto Revenue

State Will Get Over \$750,000 This Year From Motor Vehicles, an Increase of 35 Per Cent. Over Last Fiscal Year—July Receipts were \$34,697.01—Every Dollar Goes Into Highway Improvements.

During July the receipts of the motor vehicle department of the office of secretary of the state amounted to \$34,697.01. This brings the total for the first ten months of the fiscal year, which ends Sept. 30, to \$724,236.22. There are now two months to run and it is expected the receipts for these months will bring the total to \$765,000. This will be an increase of thirty-five per cent. over the total receipts for the previous fiscal year.

The receipts for August and September, 1915, amounted to \$28,449.31. The estimated increase for the same months this year will be in the neighborhood of \$10,000. But this estimate is conservative. The officials of the department believe that the increase will be more than \$12,000, which will make the total receipts for the next two months \$40,000.

The outlook for the next fiscal year makes it evident to the officials that the receipts will be in the neighborhood of \$1,000,000 if they do not exceed that amount.

These figures will be seen the substantial assistance which the automobilists of the state give the state highway department in the maintenance of good highways. Every dollar of the revenue from the automobile department is turned over to Highway Commissioners Charles J. Bennett's department for the repair of highways.

Arthur F. Connor will retire from the chief clerkship of the automobile department, Monday. He will be at the capital on Tuesday to assist his successor in familiarizing himself with the routine of the department.

It may be of interest to give the receipts for each month of the fiscal year, beginning last October. They are as follows: October \$8,822.17; November, \$5,831.20; December, \$2,595.86; January, \$21,411.72; February, \$24,985.17; March, \$21,409.88; April, \$18,135.28; May, \$27,311.75; June, \$49,948.35; July \$34,697.01.

OCEAN BEACH CAR RAMMED BY RUNAWAY TROLLEY. Quick Wit of Driver Prevents a Serious Collision.

Failure of the brakes to work made it impossible for Motorcar Prater to stop the Ocean Beach trolley car which was driving in the street Sunday evening, and the runaway vehicle followed the down grade from the postoffice at a rapid gait, gaining headway as it proceeded. An Ocean Beach car was standing on the track at the Parade, and Car Sturges Twiss and Marion were in the situation of being unable to prevent a more serious accident. They ordered Motorcar Wilson to start up the latter car, and he did so in the nick of time, when the trolley car, Ocean Beach car received from the runaway East Lyme car was greatly lessened by the fact that the former was moving both cars were brought to a standstill just around the corner in Bank street.

Several passengers on the Ocean Beach car were injured. Miss Margaret S. Clark, manager of the Ocean View Hotel at Ocean Beach, sustained bruises of the head and arms, muscle strains and superficial lacerations. Mrs. John Ahern of Williamsville received lacerations of the right arm and hips and was suffering from hemorrhages. John Ahern, her husband, was struck on the head and his right hip was bruised. A. G. Cregar of Boston sustained bruises of the back and sides. Charles McFarland of New London lost his hat, had his suit torn and sustained several cuts on the legs. Dr. M. Dunn and Dr. Thomas Solis attended to the injured.

Conductor Kenyon, who was in charge of the car, telephoned Superintendent Ashe from a signal box in Truman street that the car was not working properly and he did not think it advisable to attempt to bring it to the Parade. Mr. Ashe jumped into a team standing near the signal room and drove at once to Truman street. There he ordered the crew to start the car, he getting on board. They followed instructions with the results noted.

Much excitement attended the accident and the crowd which gathered on State street and the surrounding streets was moving picture mob. Flying glass was being broken by the cause of most of the injuries.

FEDERAL AUTHORITIES ARE SEEKING STOLEN STAMPS

Russell Held at New London for 30 Days in \$3,000 Bonds.

Acting on the recommendation of Prosecuting Attorney Daniel M. Cronin, Judge William B. Coffin in police court Monday afternoon committed the case of Frank Russell, presented on the charge of theft of postage stamps valued at \$126, until Sept. 2, the recommendation being that the federal authorities who are working on the case requested its continuation.

Russell was arrested Thursday night after he had been pointed out as a suspicious character to the Norwich police by Conductor Geer on the Central Vermont railway. He was represented in court Sunday morning and the case continued until Monday under bonds of \$3,000, which he was unable to furnish. The same bonds were fixed Monday and Russell went to jail.

When the recommendation for a 30 days' continuance of the case was made Russell requested that he be allowed to speak and after the request was granted decried at the length of the continuance, saying that the matter should be cleared up in a shorter space of time. Mr. Cronin told him that with his assistance it might be shorter, but as the federal authorities were working on the case he deemed it wise to yield to their request for the lengthy continuance.

No record has been found of a post office burglary and it is this matter on which the federal authorities are working. There is little doubt but that the stamps were stolen from the post office at New London Monday morning, and all evidence pointed that Russell was the guilty party, but inasmuch as the federal authorities were working on the case he deemed it wise to yield to their request for the lengthy continuance.

AT THE DAVIS

Vaudeville and Photoplays

William S. Hart in the Apocryphal of Vengeance at the Davis. Monday was the center of a gripping story of the Cumberland. The action is direct and straightforward, the morale is uplifting, and by neither does the photoplay lose any human interest and artistic interpretation. In these things it is strikingly and commendably different from some of the weak and sentimental themes that not rarely crop into the movies. It was one of the best of the films that have appeared recently at the Davis.

Jack Wyatt's Scotch Lads and Lassies put on a clever skit, enlivened with the old songs and dances and the film that gained frequent applause. The Keystone comedy featured Fatty Arbuckle in a funny restaurant setting.

A NEW INDUSTRY FOR THE BENEFIT OF ARTISTS

Have Started Painting Furniture to Insure an Income.

London, July 31.—A new industry for benefit of artists, whose incomes have been so severely affected by the war, has been started in the form of the painting of furniture.

Lady Kinloch is the originator of the idea, and the new form of decoration promises to become popular. Mrs. Mary has just visited the studio opened by her in the Chelsea district of London and purchased some of the furniture. There were to be seen examples of chairs and settees reupholstered from some at Lady Kinloch's country home that particularly interested the royal visitor; also an Italian three-room set, mirrors, screens, and a complete bedroom set. A suite of the new painted furniture has just been sent to Lord Shaftesbury in Canada.

Arrangements have been made for a permanent exhibit of the work by a West End firm which is undertaking the business management of the new war industry, in which a number of the cleverest London artists are exercising their talents.
